

EMSA South Complex at Ivor Dent

Dedicated Rain Out Line: 780-490-5789 (phone number updated April 25)

EMSA has scheduled some league games at our brand new facility located on the North East corner of Ellerslie Road and 50 Street in the South end of the City driveway access via light on 50 Street. (address 503 - 50 Street). We have a total of 8 full size fields at the Ivor Dent Sports Park.

Please note the following information about your games at the EMSA South Complex:

- Based on their current condition, the fields will have roving field numbers. Please look for the EMSA tear drop banners with the field numbers on them that coincide with the field number on your schedule. What is Field #1 one week may not be Field #1 the next week.
- There is a very costly underground irrigation system running throughout the entire complex. This means **ABSOLUTELY NOTHING** can be staked or pinned into the ground such as pop up tents, etc. Please ensure your spectators are aware of this.
- Please ensure any garbage or cigarette butts are disposed of properly. Please ensure your spectators are aware of this.
- The Complex has a dedicated phone line which will be updated by 3:00pm on weekdays and by 10:00am on weekends. The EMSA South Complex rain out line number is: 780.490.5789.
- Nets and flags will already be on site and set up for you at the EMSA South Complex.
- If you have the later game at the Complex, many referees will be taking care of the early game on a different field. Once that 6pm game is complete, they will make their way to your game.
