8:45 AM	9:00 PM	U17 Boys	Beaumont (Carnegie)

Team Managers: Your time slot has been added to your TeamSnap schedule. You will notice 2 times above. The first is the **arrival time which is 15 minutes before your actual picture time**—noted in the second column. Please make sure that your players arrive at the Arrival Time. This is very important as it will help keep the day on schedule and ensure that a team with late players doesn't hold up a team where all of their players have shown up on time.

Also, please remind all players and parents that if the pictures are going to be taking in the school (in case of rain out), outdoor footwear must be removed at the entrance to the school, dirt and mud shaken off and players are to walk in socks to the photographer's sheet where they can put the shoes back on, and to follow the same procedure on the way back outside. Also, please be courteous to the school staff, volunteers, and photographers.

Parents are responsible for their children during the photo sessions and must remain in the Atrium area.

If we all follow these guidelines, the picture day should go smoothly. Thanks for all your help,

Kirsten Nelson
